

YOUR JOURNEY BEGINS WITH NAC

NAC aircraft charter

From its base at Lanseria International Airport, the executive Aircraft Charter business delivers bespoke air travel solutions in a private, discreet, personalised and safe environment. We pride ourselves on offering our guests one-stop VIP travel solutions tailored to their requirements with the utmost attention to detail.

NAC's extensive modern fleet includes turboprop aircraft; light, mid-size, super-midsize and long-range corporate jets; and various airliners. Aircraft flight efficiency, flexibility and comfort are maximised, whether you charter for private or business travel.

Charters are provided for every eventuality, from presidential, diplomatic and corporate jet charter flights, incentive travel, lodge transfers and scenic flights.

NAC offers clients a comprehensive suite of services on a 24/7 basis. We ensure that clients and crews enjoy the ultimate in service and attention, with highly experienced staff on hand to deal with special requests and individually tailored solutions. From hangarage, aircraft care and management to arrival, departure and beyond, all private or business travel needs are met with dedication and personalised care in our world-class facilities. Enthusiasm, commitment and scrupulous attention to detail are assured at our fixed-wing charter division.

In May 2021, NAC acquired a 25% stake in Discovery Jets, the fast-growing and highly professional Jet Management Company based in Fort Lauderdale, Florida. Discovery Jets has grown from strength to strength since its inception in 2016 and now operates an expanding fleet of VIP corporate jets across North America, Central America and the Caribbean, with an imminent expansion into the long-range market.

Our VIP air charter division excels at:

- Worldwide exclusive aircraft travel
- Presidential, diplomatic and corporate jet charter flights
- Lodge transfers
- Incentive travel
- Scenic flights
- Efficient and professional service, all at your convenience

Why should I charter an aircraft from NAC?

- Modern and versatile aircraft fleet
- Professional, personal and discreet charter service
- Highest standards of safety
- Experienced staff

What are the benefits of private travel on an aircraft charter versus a commercial airline?

- Complete flexibility
- Personalised services
- Increased productivity
- Safety
- Privacy and security
- Comfort
