

Total Eclipse Jet

Twin-Engine Jet with a Delivery Time Under 90 Days

Buy Today:

Save time. Save energy. Save money now and every time you start the engines. Eclipse Aerospace brought together the most innovative minds in aviation and they have created an aircraft that truly delivers. It's fast. It's efficient. It's quiet and comfortable. Most importantly, it's safe and reliable. And it can be yours today.

Want to Save Hundreds of Thousands of Dollars?

Buy an Eclipse Jet and you'll save several hundred thousand dollars compared to our nearest competitor. Want value? Compare the Eclipse Jet to our competitors and you'll see that saving money doesn't always mean sacrificing the safety, luxury, speed, and efficiency that you expect from a jet aircraft.

The Total Eclipse Jet Program:

- Factory certified pre-owned jet aircraft
- Each aircraft delivered with 'tip-to-tail' factory warranty
- Certified to 41,000 ft
- All new Avio Integrated Flight Management System (IFMS)
- P&WC Gold ESP (engine plan) paid current to delivery
- All Eclipse mandatory SBs and ADs complete as of delivery
- One (1) initial or recurrent type rating training (in simulator) credit per aircraft purchase
- One (1) year Jeppesen North America subscription service commencing on aircraft delivery
- One (1) year of Aircraft Maintenance Manual updates
- Certified for Flight Into Known Icing (FIKI)

Incomparable Economics:

The Total Eclipse Jet has the lowest acquisition cost of any jet in the sky today (\$2.25MM). It also has the lowest operating costs (\$1.68/nm, \$623/hr). Fly the most fuel-efficient twin-engine jet on the planet. Fly an Eclipse Jet.

Performance by Numbers

Max Cruise Speed:	375 kt
NBAA IFR Range w/ 4 Occupants:	1,125 nm
Max Altitude / Ceiling:	41,000 ft
Cruise Fuel Flow:	48 - 59 gph
Available payload w/ Max Fuel:	636 lbs
Takeoff Distance:	2,433 ft
Landing Distance:	2,790 ft
Time to Climb to 41,000 ft:	29 min
All Engine Rate of Climb:	3,424 fpm
One Engine Inop. Rate of Climb:	989 fpm
One Engine Inop. Service Ceiling:	35,000 ft

Uncompromising Safety

Eclipse Jets deliver you safely and comfortably between destinations quickly and efficiently. With the Total Eclipse Jet, you will fly safely above the weather at altitudes of 41,000 feet while maintaining a speed of up to 425 mph. You will be in a jet equipped for Flight Into Known Icing (FIKI) and with a new, fully integrated avionics system, Avio IFMS, that acts as a virtual co-pilot, lessening pilot workload.
